

*Letter of Recommendation
Of
Rey Dela Cruz*

Six years ago, 2010, the care of my Mother, Ouida M. Hammond became a great chain of events in securing Medi-Cal.

My Mother was living with us after the death of her husband. She was not mobile, and had to use a walker at all times. With her Alzheimer's being at a moderate stage she would have to be told often to use her walker. She fell and broke her shoulder.

Thanks to a friend at our church, Trinity Life Center, we made contact with Rey Dela Cruz, and he became our Advocate for Medi-Cal, also our Angel. He has provided us with a wealth of information that we would NOT have known about nor understood! He showed us how to follow the Medi-Cal booklet. He has been there for me every time I called him. He is ready to answer all of my questions, and he answered all the unasked questions. He explained the Medi-Cal booklet to us, so that we could understand what to do, when to do it, and how to do it. The helpful hand he gave us in filling out so much paperwork has been unbelievable! He has never been impatient with us, with all the phone calls and appointments. My Mother is now a qualified patient under the Medi-Cal program, and is in a Care Center.

Truly Rey Dela Cruz is someone to have on your side. He will walk you through every detail in qualifying for the Medi-Cal Program. I highly recommend his expertise and guidance in dealing with Medi-Cal.

What I thought was going to be a nightmare became a great relief!

Thank you, Rey!
